Rules

Anyone can take part in the KIN-BALL[®] World Club Championship TOKYO 2017. If you would like to take part in it, but you cannot make a team, please let us know. We can find some Japanese players for you.

Please note that an official Rules Document will be provided to teams following registration, here is a summary of the different rules for each category.

There are 2 categories; both of them are mixed gender. One is Pro category and the other is Amateur category.

Pro category: This category is made for players who want to compete at a higher level.

Amateur category: This category is made for players who want to compete at an intermediate level, being a more participative category with more flexible rules.

We recruit 20 teams in the pro category and 10 teams in the amateur category, but we save 5 spots in the pro category and 3 spots in the amateur category.

If more teams would apply for it, IKBF would make a draw to rank teams. For example, if we would have 18 teams except Japanese teams in the pro category, IKBF would rank them from No.1 to No.18. The teams from No.1 to No.15 have priority, but if some of them would not pay the registration fee by the deadline, April 30, the priority would be transferred to the No.16-No.18 teams in order.

If less teams would apply for it, we would recruit more Japanese teams to the limit. For example, if we would have 6 teams including Japanese teams in the amateur category, we would recruit additional 4 Japanese teams to meet the limit-10 teams.

Teams can be constituted of a maximum of 12 players, minimum 2 women and 2 men, a head coach and two assistant coaches.

During the games, there must always 2 women and 2 men per team on the court at all the time. All participants have to be 16 years old or older on October 30, 2017.

A player registered in this World Club Championship cannot play in the World Cup TOKYO 2017, but coaches can.

KIN-BALL[®] sport World Club Championship TOKYO 2017

Official IKBF rules will be followed, but there are two additional special rules.

- 1) Men and women in the same team have to alternate hits. A team will be whistled a fault for “twice the same hitter”, if 2 hits or more in a row are executed by a player of the same sex.
- 2) Close defense is prohibited in the amateur category.

The game formula that will be used is the best 2 out of 4 periods, with 11 points per period in preliminary games and semifinal games. The moment one team reaches 9 points; the team with least points will have to exit the court.

Each team will play 3 preliminary games and semi-final games will be played on November 3rd. The final games will be played on November 5th.

Two simultaneous games are played in the pro category.

Referees will be provided by IKBF.
