Teams Composition:

Teams must be constituted of a maximum of 10 players (8 players + 2 substitutes). Team on the playground is composed of 4 players.

Rules :

All Categories:

Alternation girl/boy for the hit:

This rule applies exactly the same way as the “Twice the same hitter rule”. All players of a same gender are considered as a same player. For example if a male player hits the ball directly out of bounds, a female player will need to hit the ball next. See the official rulebook at point 7.12 for details.

Two girls and two boys on court.

At any time, a team must have 2 male players and 2 female players able to play on the court. A team that would not be able to have 2 male players and 2 female players able to play will automatically be disqualified for the game and will receive no ranking points for that game. If an injury occurs during a game making a team fall short of a particular gender, the team will be allowed to take a 5 minute time-out to allow the injured player to recover. If after 5 minutes, the player is not able to securely reenter the game, the team will be disqualified for that game.

Each team is only allowed one 5 minute timeout per game and can be used only for injury compromising the ongoing of the game because of the amount of each gender players. Unjustified use of the 5 minute time-out will be penalized by a personal minor warning to the player for delaying the game (unsportmanshipconduct).

Winner of the match is the team, which first wins two periods. Each period is played up to 13 points.

Elementary Category

Illegal defense: The article 7.16 a) will be applied as followed

A fault for Illegal Defence will be given if a team in defense has one player (or more) within a periphery of 1.8 meter (6 feet) of the ball at the time of the hit. If both defensive teams have one player in the 1.8 meter (6 feet) radius, the team that was designated will be the one to receive the fault for Illegal Defence.
